

★ WE WANT TO HEAR FROM YOU! ★

As we reflect on the accomplishments of Libana's 40 years and set our sights on the future, we would love to hear your experience of Libana's music and performance. What impact has Libana's music and artistic/spiritual presence had on your life, your work, your creativity, community and spirit?

Whether you are new to Libana, or have been listening for decades, we would LOVE to hear from you! Please feel free to reflect as vividly and as deeply as you choose.

You can send your reflections in a letter or card to our address below or by email to libanainc@gmail.com.

If you need a springboard, here are a few prompts to get you started:

- * When did you first experience Libana's music?
- * Has Libana's music accompanied specific moments or eras in your life?
- * Has Libana's music been used or sung in communities that you are a part of? If so, in what context?
- * Have you used Libana's music in your own work or creative endeavors?
- * How would you describe the emotional or spiritual effect that Libana's music has on you or others?
- * ANYTHING that comes to mind is perfect!

Please include your name and what state or country you are writing from.

Thank you!!
We truly look forward to hearing from you!
